2024  
**ANNUAL  
REPORT**

# CELEBRATING 10 YEARS of Hope & Healing

Through Music, Art, &  
Loving Relationships

# WHAT WE DID

## some Highlights

- **Music Curriculum:** We composed 3 new Himalayan Songs to add to our collection of folk songs to use in our classrooms and we are re-vamping our folk violin book to better fit our students and their contexts
- **Music Camp:** Our scholarship students participated in a music camp and performed for their local community in a concert and a festival!
- **Mentorships:** Our music teachers are growing through lessons, conferences, and regular mentorship meets online.

We Celebrated 10 Years  
of being Creative Hope!

- **Children's Devotional:** We distributed our first Children's arts activity devotional to all our partner communities in the Himalayas and Cambodia. It was a fantastic way to celebrate our 10-year anniversary. And we were able to use them together in a mini-family day with our scholarship students.
- **Creative Arts Camp:** We facilitated our annual creative arts camp at a retreat with our partners Cambodia. We focused on being a masterpiece together as we created pieces of art, learned a dance, played instruments and sang. We also were able to have a time of prayer ministry with the staff as a way to encourage them.

- **Couples Relationship Workshop:** We facilitated our first couples workshop to focus on having loving relationships within marriages as a way to create a nurturing home environment and be a light in the community.
- **Mini Family Day:** We facilitated a mini family day with our scholarship students and their families. We were able to do creative activities together in order to be connected as a community and as families.

## FINANCE

We spent approximately 60,050 this year. Here's the breakdown of our spending:

# ISAIAH 61:7

"Instead of shame there shall be a double portion;  
instead of dishonor they shall rejoice in their lot;  
therefore in their land they shall possess a double portion;  
they shall have everlasting joy."
